

CYM Basketball Player Eligibility Guidelines

A player may be placed on a CYM team roster under one of two categories:
PARISH MEMBER or NON-PARISH MEMBER

There are limits to the number of parish members on a team roster. However, a team may contain no more than 2 (two) non-parish members for boys' team roster and 3 (three) non-parish members for a girls' team roster.

PARISH MEMBER ROSTER STATUS

1. The parents/legal guardian must be registered members of the parish for at least 6 months. (In the event that the parents are registered at more than one parish, the student is considered to be a parish member of the parish that he/she is enrolled in and participating in religious education classes.)
2. The Student must be enrolled in, attend and participate in their parishes religious education classes/activities OR be enrolled in and be attending a Catholic High School.
3. Seniors in high school who HAVE COMPLETED their confirmation requirements are exempt from fulfilling any further religious education requirements in order to have "Parish member" status for the CYM basketball roster. However, seniors are expected to participate/be active at their parish.

NON-PARISH MEMBER ROSTER STATUS

1. Seniors in high school who have not completed their confirmation requirements and are not attending religious education classes will be considered as a NON-PARISH MEMBER for CYM basketball roster purposes.
2. Students' whose parents/legal guardians have registered at a "new" parish without changing their residence will be considered as a NON-PARISH MEMBER for their "new" parish's CYM basketball roster for the current CYM basketball season.
3. Non-Catholic students may be placed on a CYM basketball roster but will always have a NON-PARISH member status on the roster.

It will be assumed that any student that does not meet the above mentioned parish member qualifications will be considered as a non-parish member on the CYM basketball roster.
